

**THE KINGDOM OF LESOTHO
MINISTRY OF EDUCATION AND TRAINING**

12th May 2015

'M'e Matsikoane,

SUBJECT: MANNERS 4 MINORS AS A CO-CURRICULAR PROGRAMME

Having critically looked into the Manners 4 Minors curriculum programme, the Ministry of Education and Training has found it worthy to be complementary to the revised integrated curriculum that we are presently implementing in our schools. I am impressed that the programme aspire to build socially acceptable behaviour among the learners which is a foundation for universal good citizenship.

On the basis of the above, I recommend that the programme be used as co-curricular supplementary for the revised integrated curriculum in the early grades (1-3). However, there are conditions that apply. You will be expected to communicate with the Principals prior to your visits in schools in order to avoid disappointments. You will also be expected to report progress to my office.

Hoping you will abide by the principles of the teaching/ learning of young children.

Yours sincerely

1
